

Community Garden Project at St Nicholas Church, Southbourne

Ideas are invited!

Would you like to be involved in planning and planting a new community garden?

Please come and share your thoughts about the land around the church...how could the space best provide a natural habitat for wildlife and an attractive place for the local community to enjoy?

There will be a planning workshop at 2pm on Saturday the 24th February at St Nicholas Church Hall on the Broadway (BH6 4EP).

Please RSVP to Julian Davies on 07552236878 or email julianapdavies@gmail.com if you would like to be involved.
